

Totally Texas 2017!

We're back! If you are new to Texas History or need to brush up your skills, this content-driven, Texas History immersion will prepare you for a full year of teaching our state history and geography. You will start the school year prepared with lessons, books, visuals, materials and the confidence to teach this subject. Austin ISD, The Bullock Texas State History Museum, The Texas General Land Office, The Texas Historical Commission and the Texas State Historical Association are joining forces to offer a fun and eventful learning experience. New this year is the addition of dual strands – one for teachers new to Texas History, another for Texas History teachers with experience in the subject. Participants will meet at the Bullock Texas State History Museum for this two-day training. Parking at the Bullock Museum will be free for participants in the workshop. There is no cost for this professional development, and there will be a one-day follow-up session at the museum in November.

June 20 and 21, 2017

8:30-4:00

AISD teachers should go to HCP to register for section 83750.

Teachers from other districts should complete and email this form to

Judy.Miller@austinisd.org
