

# Pairs Prints

## Materials Needed:

Construction Paper

Paint

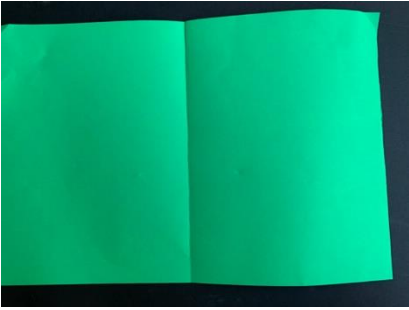

Paint brushes and /or sponges

## Instructions:

### Step 1

Fold your piece of construction paper in half.

### Step 2

Paint on the top of your folded paper. Use thick brush strokes so that you have a good amount of paint on your image.

### Step 3

Once you are happy with your painting, open it up so that your painting is on the right and blank paper is to the left of the fold.

### Step 4

Press the blank side on top of the painted side and press down with both hands to transfer paint from one page to the other.

Step 5

Then, carefully peel open your painting and enjoy your pairs print!
