

ON THE ROAD TO **END** **HUMAN TRAFFICKING**

KNOW. WATCH. REPORT.

KNOW.

What is human trafficking?

Human trafficking is modern-day slavery and involves the use of force, fraud or coercion to obtain some type of labor or commercial sex act. Thousands of men, women and children are trafficked into forced labor situations and into the sex trade. Many of these victims are lured from their homes with false promises of well-paying jobs; instead, they are forced or coerced into prostitution, domestic servitude or other types of forced labor. Victims are found in legitimate and illegitimate labor industries, including sweatshops, massage parlors, agricultural fields, restaurants, hotels and domestic service.

Human trafficking is different from human smuggling. Trafficking is exploitation-based and does not require movement across borders or any type of transportation.
